Why are we providing this Notice to you

The Council, in its capacity of Data Controller, holds certain information about you ["personal data"] which it needs to process for the purpose of providing the following service - Procurement. What personal data do we hold

The types of data we hold and process will typically include:

- Data as relevant to any tendering activities, where it is specifically required in order to obtain specific quotes from suppliers through tendering e.g. postal addresses

What is our purpose for processing your personal data

All data used in this way will be anonymised, and full data will only be shared with a winning supplier for the purposes of completing actions as detailed in the tender documentation e.g. full and complete address, for the purposes of installing stairlifts. Postcodes might be used in the tender details, to assist suppliers in pricing, however full details would only be shared with the winning supplier so that they can carry out full installations.

If we intend to process your personal data for a purpose other than that for which the personal data was collected, we shall provide you details of that other purpose before we start processing your data.

What is the legal basis for our use of your personal data

- We need it to comply with a legal obligation
- We need it to perform a task in the public interest

For how long will we hold your personal data

We will only keep your personal data for as long as we need to in order to fulfil the purpose[s] for which it is collected and for so long afterwards as we consider it may be required to deal with any questions or complaints about the service which we provide to you, unless we elect to retain your data for a longer period in order to comply with our legal and regulatory obligations.
