Description of Proposed Alteration

The Assessment Base opened in Summer 2024 to meet the demand for specialist teaching and further diagnosis of the young children aged 3 – 5 who clearly have additional needs but may not have one obvious need.

This proposal is to extend the age range of the Specialist Assessment Base to include 2-year-old children in some exceptional circumstances, when it is appropriate and necessary as approved by the Early Health Notification panel.

Exceptional circumstances may include admission of a 2-year-old child who is due to be three within the next term, or admission of a 2-year-old child with very complex medical needs for assessment.

Officers and the school are in agreement of this proposal, which will allow the placement of 2-year-old children subject to the Early Health Notification Panel approval in exceptional circumstances.

Project Costs

There will be no financial costs to the school as the Published Admission Number will remain constant so there will be no effect on funding.

There are no legal fees or other fees associated with the proposed change.

The Consultation Process

The consultation process represents an opportunity for people to learn about the proposal, ask questions and make comments that will be recorded and summarised in a consultation report. The Proposal will be published on the Hillingdon website.

The consultation will involve a drop-in session for anyone affected by the proposal where Officers will be on hand to answer any questions in person and to explain the proposal as necessary.
